#### PLEASE DONATE

As the Director of the Retirees, Community & Membership Services Department, I am asking for your support to keep the Disaster Relief Program healthy for future service. Without your financial contribution this service might not be available to continue assisting our brothers and sisters.

Any amount that you donate is now tax exempt. Upon receiving your donation you will be forwarded a letter denoting the amount of contribution and the Exemption Identification Number which you can use when filing your tax returns.

I am proud to say this union reacts quickly to the needs of our members before other sources of assistance are able to. So I ask you to donate any amount that you are able to and continue this needed program for the future of our members.

Your contributions can be forwarded to the following address;

International Association of Machinists and Aerospace Workers
ATTN: Disaster Relief Services, Room 305
9000 Machinists Place
Upper Marlboro, MD 20772

I would like to thank you for your time, your understanding and especially your supported contribution.

With best wishes, I remain

Edward Manhart

Fraternally yours,

Edward Manhart

Director, Retirees, Community and

Membership Services Department

#### DISASTER RELIEF GUIDELINES

The International has developed and established guidelines in the event of a natural disaster, i.e., flood, hurricane, tornado, etc., affecting the lives of our members and their families. Please Note: The Disaster Relief Fund is comprised entirely of voluntary contributions and does not include any dues dollars.

#### RESPONSIBILITIES

The Executive Board of the Lodge assigns a chairperson and at least two (2) members of the lodge to form a Community Service Committee, if one does not already exist. These committees' duties include disaster relief assistance (when practicable, the Community Services Committee will be directed by a Grand Lodge Representative).

#### **PROCEDURES**

Immediately following a natural disaster:

### NOTE: CLAIMS MUST BE SUBMITTED 90 DAYS FROM OCCURRENCE TO RECEIVE FUNDS MEMBER(S) MUST BE IN GOOD STANDINGS

- ➤ The Community Services Committee or designated officer will survey the damages upon notification by the affected member using the provided packet for each claim to document the damages and submit a statement of the damages. (One packet per claim)
- The Community Services Committee, or designated officer, supplies the above information to the territorial General Vice President with the documentation for the claim for approval of the claim for assistance.
- After approval the territorial General Vice President submits the documentation from the local lodge to the International requesting funds to assist our member(s).
- The International will present a check to the "District Directing Business Representative" where the disaster occurred. A registration form will accompany the packet so that the member(s) will sign for the check. This form is to be returned to Retirees, Community & Membership Services Department, 9000 Machinists Place, Room 305, Upper Marlboro, MD 20772.

It is the <u>responsibility</u> of the committee, or responsible officer, to validate the damages submitted on the approved form. Determination of the amount to be given will be based on the information supplied on the approved form and validated by the Community Services Committee or designated officer.
