

2025 Finning Bargaining

To all Finning/TCRS Members in the Main Finning Agreement:

Your Committee met with Finning on Tuesday Feb 12th for introductions and a brief discussion on expectations and sharing costs. We've also verified and scheduled dates to meet the second week of March. Finning is looking for the most cost effective way to ensure they have a contract to meet their customer needs:

As your Committee, we are here to bargain the items prioritized in your surveys:

- Wages to deal with the cost of Living
- Affordable Benefits to support our members and their families
- A stronger contract worth going to work for
- Researching and preparing information on the 692 Machinists Pension to ensure our Member's retirement security

More information to come as we get closer to sitting at the table with the company.

Thank you for your support:

Your Bargaining Committee
