Finning Main CBA Pension Concerns

There have been a lot of questions regarding the Finning Negotiating Team looking at pension options for the members. This was one of the "most wanted ask" items to explore that came out of the surveys we all completed.

Your CSS body sat through a "692 Machinists" pension meeting this week and it was very exciting to see how the pension works in comparison to ours.

Your negotiation team is working hard to put together a comparison chart to present to all members as soon as they can.

Negotiations

The teams for Kal-Tire, Leavitt and Finning Main are currently all in negotiations and are things are going as well as they can.

Often enough, the employers will have new teams that are unfamiliar with their own contracts so a lot of time can be spent explaining why wording is the way it is in our CBA's. It can be difficult but both sides need to have a clear understanding in order to develop good language.

More dates are coming for all 3 groups. We just need to be patient during this time as negotiations can take time for a good contract.

Call Out to Leavitt: we are specifically looking for a Trustee from your group. We really need the commitment from your group in order to do business. Please, someone step up and join the executive. It's one or two days a month and expenses are covered.
